

FABER-CASTELL
since 1761

Product Catalogue 2023

Our Values

Faber-Castell is one of the world's leading companies for high-quality products for writing, drawing and creative design as well as decorative cosmetic products. With more than two billion pencils and coloured pencils per year and around 8,000 employees, Faber-Castell is the world's leading manufacturer of wood-cased pencils. Nowadays the company is represented in over 120 countries and has its own production sites in ten countries as well as sales companies in 22 countries. Founded in 1761, Faber-Castell is one of the oldest industrial companies in the world and has been owned by the same family for nine generations. The company owes its leading position on the international market to its traditional commitment to the very highest quality, environment and the large number of product innovations.

Faber-Castell's own forests in Prata, south-east Brazil, capture 900,000 tonnes of carbon dioxide (CO₂). The 10,000 hectares of forests in Prata, neutralise the climate-relevant carbon footprint of Faber-Castell production sites around the world. One third of the forests remain natural and have become a habitat for rare plant and animal species. In addition to conserving resources, respect for the environment also plays a key role for Faber-Castell.

A.W. Faber-Castell (India) Pvt. Ltd. established its operations in 1996 and since then has continued to set new benchmarks in innovation in product and packaging in the Indian stationary industry. Over the last two decades we have expanded our reach across the traditional retail and modern trade channels with a strong network of over 500 distributors, our state-of-the-art manufacturing unit at Goa and a vast network of suppliers and other eco-system partners. Faber-Castell India also exports its products to over 45 countries and is directly responsible for Sales and Marketing for the SAARC nations.

Playing & Learning

Early Age Crayons

- The Early Age Crayons are shaped for children when they first start holding a crayon in their hand
- Grasp & Grip crayons are ideal shapes for children that help with early grip development resulting in enhanced motor-skills
- The size of the crayons help with easy grip for tiny hands and make it a less tiring experience for young children

Colour Pencils

■ Colour Pencils

- Soft lead-no pressure required for colouring
- Rich, smooth & easy spread provides good coverage
- Highly light fast-does not fade when exposed to sunlight

■ Bi-colour pencils

- Get the advantage of a full length pencil at the price of half length
- Dual sided Bi-colour pencils in hexagonal shape

■ Watercolour pencils

- Shade options and are ideal for both wet and dry use
- With the touch of a wet brush rich pencil colours dissolve into brilliant water colours

Pitt Artist Pens

- High-quality pigments of unequalled brilliance
- Very Light-fast And Waterproof Drawing Ink
- Odour-free, acid-free, pH neutral does not bleed through paper
- Can be used on various materials (e.g. paper, cardboard, wood)
- Ideal for graphic artists, designers, illustrators, architects, and anyone who enjoys making coloured drawings
- Excellent for sketching and for mixed techniques, e.g. combined with Albrecht Dürer watercolour pencils
- Especially suitable for ink drawings and plans, lettering, layout work, and many similar uses
